January 2017

Dear Parents,

Regular visitors to the school playground will have noticed the new outdoor learning area between Year 5 and Year 6. This is a fantastic space which allows the children the opportunity to apply their learning outdoors. As you can appreciate, ensuring the safety of the children is paramount to our practice and, to ensure this, we will be locking the wooden gates throughout the day. These will be unlocked at **3.05pm** each day to allow parents to collect their children as normal. Please note that access during the school day will be strictly prohibited and all visitors will need to visit the school office.

Yours sincerely,

Sam Way
Headteacher
